

HOCUS FOCUS !!!

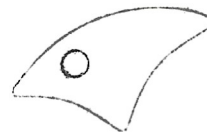

Dr. Richard Snowberg in his initial performance before the local Ring "wowed" all present Jan. 3rd. He ably demonstrated the use of magic as a teaching tool for a visual education workshop...Richard's fast moving, smooth manipulations with his fascinating new uses for "old" tricks such as the square circle; lotus bowl and the loaded school house were tremendous.

Taping the entire show for replay, Richard preferred to headline his own performance not as "hocus pocus" but as "Hocus Focus". Everyone present zoomed in; no one changed channels. Its great to have another pro in our Ring.

WE'RE PROUD !!!

We're proud of the proprietor of the Little Barn Randy Irwin.

Randy in his initial performance last meeting was great. Randy's manipulation at the Ring meeting will excite us all to go out to the Little Barn (that's not red) just to see his demonstrations. (Don't be cheap, buy something while you're there.)

C O N T E S T I N G !!

Pastor Bird's performance at Faith Lutheran Church January 29th registered a gain as the announcement of it was made on KARN and in the newspaper. The Little Rock Magic Circle has grown to 29 members. So Col. Seymour has divided the group with half meeting on the 2nd Saturday of each month and half meeting on the 4th Saturday in a workshop session. Time 1:30 p.m. for both at the home of the Col. Ring members are invited to come and see and enjoy.

THE BUSINESS AGENDA
7:30 - 8:00

A CHALLENGE

Mark Bird, Sports Information Director for UALR Basketball Team, has requested Ring 29 to present an 8-10 minute performance at half time at one of the February at home games of the Trojans.

We are open for suggestions as to the amount to be given by the Athletic Department of UALR to our Ring Treasury for the use of our sleight of hand talents. Remember it means valuable contest points...assured coverage both in radio and the Trojan Newspaper. Maybe T.V. This will give our Ring needed local publicity..if we could get a Trojan Star to pull a basketball out of the magicians hat.
